

ADHESIVE DELIVERY

Hardcast Spray Pump System

ERY SYSTEM

Designed for both solvent and water based insulation adhesive, Hardcast's Adhesive Delivery System comes pre-set and pre-assembled to deliver the right amount of adhesive. The system includes a fully assembled pump, spray gun, regulators and two-25 ft. hoses. This pump system also includes a multi-tip spray kit that comes complete and ready to use for the entire Hardcast liquid adhesive line.
