

TJERNLUND DRAFT CONTROLS

A Series: Single Acting Deluxe Stainless Steel Control for Oil, Solid Fuel and Fan Assisted Gas Burners.

B Series: Double Acting Standard Control for Gas Heating Appliances.

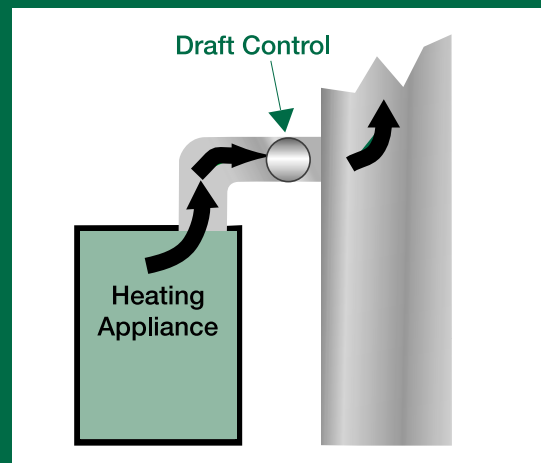

The Problem:

Heating appliances are designed to operate with a consistent draft. Chimney configurations, mechanical draft fans and weather can cause draft fluctuations. These fluctuations result in inefficient combustion and more frequent service calls.

The Solution:

Draft controls regulate the airflow through a chimney or vent. By diluting the chimney/vent draft with varying amounts of room air they maintain the draft at a heater's flue outlet within a consistent, safe and efficient range.

TYPICAL DRAFT CONTROL INSTALLATION

Tjernlund venting products offer reliable performance, ease of installation and care-free maintenance ... at an affordable price.

TJERNLUND DRAFT CONTROLS

General Description

Series A

This single acting deluxe unit is made of stainless steel for low maintenance and corrosion resistance. It has integral anchor points and self-aligning, self-centering rocker bearings for long lasting service. A cushioned stop minimizes rattle and noise. Adjustment is easily accomplished by moving counter weight on outside tab.

Series B

This quality engineered control is double acting for installation on gas fired appliances. It has many practical features including: self-aligning, self-centering rocker bearings, polished chrome adjustment knob, ultra-light sensitivity and rugged, galvanized construction.

Application Tables

SERIES A					
SINGLE ACTING FOR OIL, SOLID FUEL & FAN ASSISTED GAS BURNERS					
MODEL	DC4*	DC5	DC6	DC7	DC8
PIPE SIZE	4"	5"	6"	7"	8"

*DC4 constructed of galvanized steel

SERIES B						
DOUBLE ACTING FOR GAS						
MODEL	DC4G	DC6G	DC7G	DC8G	DC9G	DC10G
PIPE SIZE	4"	6"	7"	8"	9"	10"

You Can Count On Tjernlund Venting Products With Confidence

Since 1938, Tjernlund has built a solid reputation throughout North America for innovative products and venting solutions. Through four generations of family ownership, your complete satisfaction continues to be our primary focus.
